

TAG DAY FOR BLIND ON SATURDAY

Sightless People
Help War Effort

What They Were Taught in
Peace Time is Standing Nation
in Good Stead Now—
Your Support is Needed.

In dozens of war plants across Canada, blind men and women are taking their part along with sighted workers in the manning of drilling and milling machines, gauging shells, assembling fuses, smoothing aeroplane parts—doing a day's work; getting a day's pay; widening the path towards victory. It is because The Canadian National Institute for the Blind proved in time of peace that capable blind men and women were competent factory workers, that so many of them are now being employed in war work.

Everything that the Institute does and every service which the blind receive, depends on the financial support obtained from the public. The tremendously important and humanitarian work of The Canadian National Institute for the Blind can be developed if men and women blessed with sight, express their gratitude for their good fortune by making a small contribution. The opportunity to do this comes on Saturday of this week when a tag day, under the auspices of The Canadian Institute for the Blind is being held in Grimsby, with Mrs. W. H. Groce and Mrs. V. Catten as conveners.

New Hydro Plant To Open Oct. 15

DeCew Falls Will Produce 65,000 H.P. to Start With—
Can be Developed to 200,000 H.P.

Official opening of the 25 cycle DeCew Falls plant of the Ontario Hydro Electric Power Commission will take place Oct. 15, was the information handed out by H.E.P.C. officials at Toronto last week. A ceremony will be held at that time, details of which are now being planned by Osborne Mitchell, H.E.P.C. secretary, and which will be attended by prominent Hydro and provincial authorities.

The commission spokesman said that the DeCew Falls 65,000 horsepower unit first started in September, 1941, and completed within three months of the original completion date of July, 1943, would

Must Buy Flour To Get Millfeed

Deputy-Reeve Wiley of Louth
Charges That Farmers Are
Being Held Up by Retailers—
Claims Practice Illegal.

Millfeed retailers in this district and across the province are selling millfeed to farmers only if farmers will buy a certain amount of flour which is of no use to them, charged Deputy-Reeve George E. Wiley, Louth Township, in the meeting of Lincoln County council last week. Council passed a resolution condemning the practice as illegal, and urging the government to take immediate steps to stop it.

Mr. Wiley mentioned a St. Catharines retailer who had gone to Port Colborne for a load of millfeed, and was told that he would get it only if he took a fifth of his load in flour which he didn't want. He brought his truck back empty. He cited a similar case in Beamsville, where the farmer refused to buy flour and drove his truck home without any millfeed.

Their resolution was: "Whereas the mills throughout Ontario are compelling dealers to purchase 100 pounds of flour with every 400 pounds of millfeed, and whereas the dealers in turn are compelling farmers to purchase a similar quantity of flour with their purchases of millfeed, and whereas chaffers of millfeed, and chaffers of this flour is of very little use to the milk producer or the poultryman, and it is considered that this practice is illegal, be it resolved that the council of the County of

Funds Campaign FOR WEST LINCOLN HOSPITAL Makes Progress

Small Sums And Large Sums Have Brought The Total up to \$11,000—Many Difficulties Have Been Surmounted—Firms, Organizations And Private Individuals Can All Help—Outside People Appreciate The Effort.

A. R. "Sandy" Globe in charge of the campaign for funds for the establishment of The West Lincoln Memorial Hospital was in a very optimistic mood when interviewed by The Independent this week, and questioned on the progress of the campaign he said:

"The long days of planning have now resolved themselves into the concrete action of gathering in the necessary funds to provide ourselves with a hospital of our own. The 'maybes' and 'ifs' are being replaced with we will and we are, as the most silent campaign of the district is forging ahead."

"Small sums and large sums have now piled up to a point where \$11,000.00 is in sight, which in its self is a tidy sum. The balance to be raised is yet another hurdle, but considering the many difficulties already surmounted it can be done."

"The Banks have arranged to accept donations, a receipt for which is mailed by the Hospital."

"The Boy Scouts are putting on an apple day and will purchase, an organization membership."

"The employees of Metal Craft

New Record For Grape Shipments

Niagara Packers Shipped 60
Carloads of Grapes in Six
Days—Believed New High
For One Shipper.

Niagara Packers last week set a new all time record for their own company and it is believed that it is a new high for the whole district.

During the six days from Monday morning until Saturday night the company loaded and shipped from Beamsville, Winona and Grimsby 60 carloads of grapes. This is a record for them.

James Aitchison who is just completing his 33rd year in the fruit business says that it is a record for the district. The highest one week shipment of grapes that he has ever heard tell of did not exceed 40 carloads by any one fruit dealer.

Fined For Theft

Found guilty Monday on a charge of stealing articles from Charlesworth's store, Grimsby, on Saturday, Frank Knapman, 43, Toronto, fined \$11 or, in default of pay, five days in county jail.

Simon Taylor, no address, facing a similar charge, was found not guilty. The pair were taken off an east-bound bus at Beamsville by constable William Turner and Constable Alfred LePage on Saturday night. The articles, all recovered by the officers, included wallets, two shirts, shaving and toilet soap.

Taking Course

L.A.C. WILLIAM HARROD
Youngest son of Clyde and Mrs. Harrod, Paton street. Is just now completing a Navigator's Course in the R.C.A.F. at Belleville.

Post Office Staff Renders Service

Untangle Many Problems
Such as Finding a Lady
Who Changed Her Name 41
Years Ago.

We have always maintained, all arguments to the contrary, that Grimsby had a very efficient post office staff and the service given to the public compared favorably with any other office in the Dominion. Here is an example of that service.

Forty-one years ago Miss Kate Falconbridge was married. Now who is Kate Falconbridge, you might ask. She is Mrs. W. H. Groce. It's times to dig pickles there is no one on the present P.O. staff that ever knew the lady when she was Kate Falconbridge.

Last week a letter arrived at the local office addressed to Miss Kate Falconbridge. It came on the morning mail. In the afternoon Mrs. Groce received the letter.

That is real service and proves that if Major Bromley and his co-workers do not know who you are or where you live they make it their business to find out and deliver your epistle.

NORTH AFRICA COUNTRY OPEN, ROLLING

Plenty of Mountains And All
Bare—There is Excellent
Grazing Land For Sheep
And Goats And The Arabs
Have Large Flocks—Homes
Are Built of Mud, Straw
And Water.

The following interesting letter from Corp. Bruce Swayze, third son of Andrew and Mrs. Swayze, Robinson street, north, was received last week by The Independent:

North Africa,
9/12 of 43, plus.

Hello again, Bones!
Your great "booster" letter from the home town arrived some time ago, and it was just like reading one of your sport columns in bygone days. Well! I am still feeling "just fine" and I hope these ink blots find you the same.

My war news is old; because yours comes over the radio from the NBC or BBC so I will devote the rest of my time telling you about North Africa as I see it.

There are no open plains; it is all rolling country with plenty of mountains. The mountains are as bare as the back of your hand, you see there is always a breeze blowing, first one direction then the opposite direction and the roots never have a chance to dig in. This makes excellent grazing land for sheep and goats and the Arabs all have large flocks.

The Arab homes are made out of (Continued on page 7)

Hydro Commission Will Prosecute

Parents of Boys Who Break
Bulbs in Street Lights Will
be Summoned to Court—
Two Pay For Damage.

Young boys must cease using the electric bulbs in the street lights as targets for their stone throwing feats, or else there is going to be plenty of trouble in store for themselves and their parents.

That is the ultimatum issued by the Grimsby Hydro Commission.

At their meeting on Tuesday afternoon two young lads appeared and after questioning, admitted they had broken bulbs with stones. They paid for the damaged bulbs and labor costs in replacing them.

Commission definitely state that this practice must stop and in the future the parents of the boys concerned will be summoned into court.

Crop Reports For Western Ontario

Apples Show an Increase of
16 Per Cent Over 1942—
Still Estimated That Grape
Crop is Only 22 Per Cent.

The Ontario Fruit and Vegetable Statistics Committee publishes the September Report giving the condition of the commercial fruit and vegetable crops in the Province of Ontario.

Western Ontario—Apples—The commercial apple production estimate now placed at 16% increase over 1942 yield, a betterment of 1% since the August report; the chief increases being in Spy, McIntosh, Wealthy, Stark, and other varieties, and, according to reports, in Georgian Bay, Huron and Peel-York.

Weather and moisture conditions generally have been good for de-

Grimsby Ready For

5th VICTORY LOAN

Objective \$375,000

Strong Committee Has Been Formed With Charles A. "Dad" Farrel as Chairman—If This Loan is Crowned With Success There Will Have to be Subscribed \$105 For Every Man, Woman And Child in Canada—You Prepare to do Your Bit.

One of the strongest committees that has yet handled a Victory Loan Campaign in Grimsby and North Grimsby, has been formed by County Organizer Cecil Horton, and they are already making their plans to put the local campaign well over the top of their objective which is \$375,000.

Overseas

SGT. ROBERT HARROD
Oldest son of Clyde and Mrs. Harrod, Paton street, now Overseas with R.C.A.F., graduated and received his wings at Malton this summer.

Niagara Grapes Are Not White

Believe it or Not But 3 parts
Claim They are Green in
Colour—A Local Colloquialism.

The Independent got a surprise last week.

For years untold the people of this district have always talked about grapes as red, white and blue. As a matter of fact there is no such a grape as a white grape.

According to James Aitchison and Ken Baxter of Niagara Packers, the Niagara grapes, which everyone calls a white grape is really a green grape. You understand, we are talking about colour. They also state that outside of this Niagara Peninsula it is never referred to as a white grape but always called a green grape. In the States it is definitely set down by nurserymen, growers and wholesalers as a green grape. Just another of our local colloquialisms.

The committee is as follows:

Hon. Chairman—Mayor E. S. Johnson.

Chairman—Charles A. "Dad" Farrel.

Vice-Chairman—P. V. Smith.

Committee—A. W. Eickmeier, Fred Jewson, Wm. A. Hewson, Harold B. Matchett, Harold C. Woolverton, Hugh A. Campbell, Wm. C. Palmer, Archie M. Aiton, James Aitchison.

Headquarters of the local committee will be in the office of Chas. J. DeLaplante and a telephone will be installed in a few days.

Today, in every corner of this Dominion, men and women are toiling to make the Fifth Victory Loan a success. Unless it is a success, the labor and blood that Canada is expending in the name of freedom will fall somewhere short of the achievement that can be realized. For in modern war, money savings must be made to match our sacrifices, investment must back our industry, bonds are nearly as important as bombs.

If the loan is to be crowned with success, there will have to be subscribed \$105 for every man, woman and child in Canada. An important part of this will be contributed by savings institutions and other corporations, but even with this assistance, individual Canadians will be asked to subscribe an average of 1/2¢ apiece to meet the loan's objective.

over August 1942. Power costs for this August were \$173.12, as against \$173.24, in 1942. Power bill for July 1943 was \$174.90.

Water consumption in August was 10,027 gals; average per day was 323.341 gals; biggest day's pumping, Aug. 2nd, 425,000 gals; smallest day's pumping, Aug. 16, 268,000 gals; decrease for month from Aug. 1942, 361,000 gals; decrease in average per day over Aug. 1942, 36,871 gals.

Township of North Grimsby consumed 1,116,000 gals in August, a decrease of 388,000 gals. over 1942.

Post Them Early

Christmas boxes will have a much longer distance to travel, entailing more handling and reshipment to reach many members of Canada's Fighting Services this year. To enable all the Dominion's men and women overseas to receive their gifts from home in time for Christmas Day, the Postmaster General, Hon. William P. Mulock, K.C., M.P., calls on the public to Mail Early for Christmas Overseas—not later than November 1.

The date is 10 days earlier than last year's closing time, but with many of our men serving in the Mediterranean areas, etc., the "deadline" has been advanced to meet the rapidly changing conditions.

The public are cautioned to lose no time but to Mail Early for Christmas Overseas—now and during October—the earlier the better to ensure the timely arrival of the anxiously awaited gift. The more distant our Forces may be from Canada, the earlier their Christmas mail should be sent.

Magnets Clean Roads Of Nails

Highway Gives New Truck
Tryout on Queen Elizabeth
Way — Will Save Existing
Tires—First in Canada.

Here's good news for Ontario motorists. The department of highways has equipped a magnetically operated nail pick-up truck, which will scour provincial roads. It does a better job of gathering stray nails and scraps of metal than would be possible with the proverbial fine-tooth comb, operators said.

"It's the first of its kind in Canada," said a highways department official. "We tried it out on the Queen Elizabeth way between Toronto and Oakville recently. It will clean up anything and everything in the way of metal on the roads."

"It will save a lot of tires in a year," continued the same official. "It will be particularly valuable on rural roads where horse-drawn traffic leaves many horseshoe nails."

The highways department said that the new development was the result of an urgent need to conserve tires. It is patterned after similar outfits tried in various places in the U.S.

"It was developed particularly to patrol highways over which scrap metal is being trucked to the war-time yards," the department said. "We have had many complaints of pieces of scrap and nails dropping from the trucks and destroying tires of autos."

The truck was assembled in the Leaside repair depot of the highways department. It has two large magnets which trail behind a few inches above road level. These are powered by a gasoline-driven generator on the truck platform above. The magnets can be lowered for cement highways or raised an inch or two for operation on rough gravel roads.

With a flip of the switch the operator turns on the generator power and pieces of metal weighing up to 50 or 60 pounds are swept up. The magnets are run over a canvas tray and stopped, the power turned off, and presto—the metal harvest that would rip and tear motorists' tires is dropped to the trap ready for removal.

One Toronto consumer, convicted of hoarding sugar, coffee, tea and canned foods was given a month's prison sentence and fined \$100.

Obituary

PETER L. ZOELLNER

A respected farmer of this district for the last thirty years, Peter L. Zoellner, son, passed away at his home, North Grimsby, Saturday morning.

In his 81st year he was born in what is now Yugoslavia. He came to Canada 39 years ago and had been in Ontario for the last 36 years. His wife predeceased him in 1936.

Surviving him are three sons: Peter, jun., at home; Samuel, of Hamilton, and John, of Detroit.

The funeral took place Monday afternoon from his late residence on the Grimsby stone road, with interment in Queen's Lawn Cemetery, Rev. W. O. Rathke, of Jordan, officiating.

Casket bearers were: Cecil Gowland, Charles Cook, Murray Blanchard, Wm. Ingram, Geo. Douglas and Clarence Travis.

MRS CLIFFORD NAISH

Ill for only a few days, Mrs. Clifford Naish, of Grimsby, passed away at the Hamilton General Hospital early on Sunday morning.

The former Helen Best, she was in her 38th year and was born at Cayuga on March 29, 1906, a daughter of the late David and Grace Best. She had resided at Winona for several years prior to coming to Grimsby five years ago.

She was a member of St. John's Anglican Church, Winona.

Surviving, besides her husband, is a sister, Mrs. Reginald Conlan, of Fruitland, and a brother, Martin Best, of Stony Creek. Funeral was held from the Stonehouse Funeral Home, Grimsby, on Tuesday afternoon. Interment being made in Stony Creek cemetery, with Rev. T. N. Lowe of Hamilton, officiating.

Casket bearers were Donald Young, jun., Arthur and Morris Childs, Winona, Clarence L. Lewis, Frank Hitchman and T. Edward Mannell, Grimsby.

ANDREW J. SNYDER

Cowley, Alta., Sept. 11. — The funeral services of the late Andrew Justus Snyder were held in the United church, Cowley, on Thursday afternoon at 2:30. Rev. W. H. Irwin of Bellevue conducted the services and the pallbearers were J. Rhodes, R. Day, H. C. Morrison, F. C. Tustian, G. Dwyer and J. Welsh.

Mr. Snyder passed away at his home, four miles north of town, on Sunday morning after having been in failing health for some time following a paralytic stroke.

He was born at St. Ann's, Ont., on July 20, 1886, and spent his younger years in Grimsby. He married Della Wismer in 1901 and came to Cowley, soon after, settling on his homestead, which he later enlarged, having one of the finest farms in the district.

Mr. Snyder was held in the highest esteem throughout the country and had many friends. For years he was councillor and reeve of the Livingston M.D. and for 14 years was trustee of the Tennyson School District and was on the board of the Cowley United church.

He is survived by his wife and three sons, Clare, in the Army Ordnance Corps, Stanley and Harold, ranchers of Cowley, also three brothers, Fred of Cowley, Murray at Detroit, Brock at Grimsby and one sister, Mrs. Rust of Toronto. Interment took place in the Cowley cemetery.

Rev. E. Burgess Passes

In failing health for a long time the death occurred this morning of Rev. Edwin Burgess of Grimsby Beach. Rev. Burgess was born in Pictou County, Nova Scotia in 1858. He began his ministerial career in 1880, after graduating from Auburn Theological Seminary, New York. On returning to Canada, he preached for a number of years in St. John's Scottish Presbyterian Church, St. John's, N.B. After his mother's death in 1904, he left Nova Scotia and did considerable travelling and preaching in Western Canada and the Yukon territory. Shortly after the outbreak of the First World War, he enlisted in the Canadian army and went overseas in 1915 as chaplain. He married his present wife in 1917 while still serving in England.

After he came back from the war he accepted a call to Zion Presbyterian Church, Kingston, Ont., where he stayed until his retirement in 1925. After that he moved to Grimsby Beach, Ont., where he made his home.

When he was a young man he wrote a few religious books which were well received by the American press. During his lifetime he also wrote a great deal for the press on religious and temperance matters, including several poems. The last bit of poetry that he wrote not long ago is as follows:

"What matter whether foul or fine,

What signify the wind and weather,

If with His hand held fast in mine,

We walk life's way together."

He is survived by his widow, two step-sons, John R. and H. Leonard Douse, who are both in the army overseas, and one son E. R. Garth, who is in the Active Army in Canada.

Funeral on Saturday, September 25th, at 3 o'clock in the Boys' Tabernacle, Grimsby Beach. Interment at Grimsby.

Marital Disorder On The Increase

"While economic conditions are decidedly better than in the depression years, there is a strong tendency for mothers and fathers to desert and leave their children and they do not seem to care what happens to them," L. S. Richardson, superintendent of the Children's Aid Society of St. Catharines and Lincoln County, maintained in a report on the alarming increase in family and marital disorders at the society's first meeting the fall last week.

During the months of June, July and August, Mr. Richardson reported, it was necessary to take into custody 32 children. "However," he continued, "it was possible to discharge 32 children from care, otherwise it would have been almost impossible to have placed the new admissions."

This constitutes an all-time record. Similarly the number of family situations that require action in their own home have tripled since 1941.

"It is callousness which creates such misery in a child's life," the superintendent declared. "There are other parents who have used the war as an excuse for heavy drinking and promiscuity. It is interesting to note that those parents who are working hardest and who are genuinely interested in

To-day, as always, the 'Salada' label is your guarantee of a uniform blend of fine quality teas.

"SALADA" TEA

getting the job done, do not have these difficulties.

Also, it has been found that some mothers employed in industry are not at all interested in re-establishing a home for their children and there is an all too frequent tendency to secure work simply to escape responsibility of caring for their own children."

Keep Drums

Farmers who really need steel drums for essential purposes will now be allowed to keep them, according to a new W.P.T.B. ruling.

An old-timer is the one who can recall when the only law that governed most things was the one of supply and demand.

Waste paper collected in the United Kingdom from November 1, 1939 to August 31, 1942 amounted to nearly 2½ million tons. It would have required 450 ships, each of 5,000 tons cargo capacity, to transport it.

More than 70 million food ration coupons are in circulation each week in Canada—10 for sugar, 12 for butter and 48 for meat.

When it comes to saving
coal — Patriotism and
common sense go
hand in hand

FARSIGHTED householders are seeing the urgent need of preparing their homes now against this winter's coal shortage. They are acting now!

HEATING SYSTEMS MUST BE
EFFICIENT: HOMES SHOULD BE
ADEQUATELY INSULATED.

Here are some jobs you should be
doing NOW!

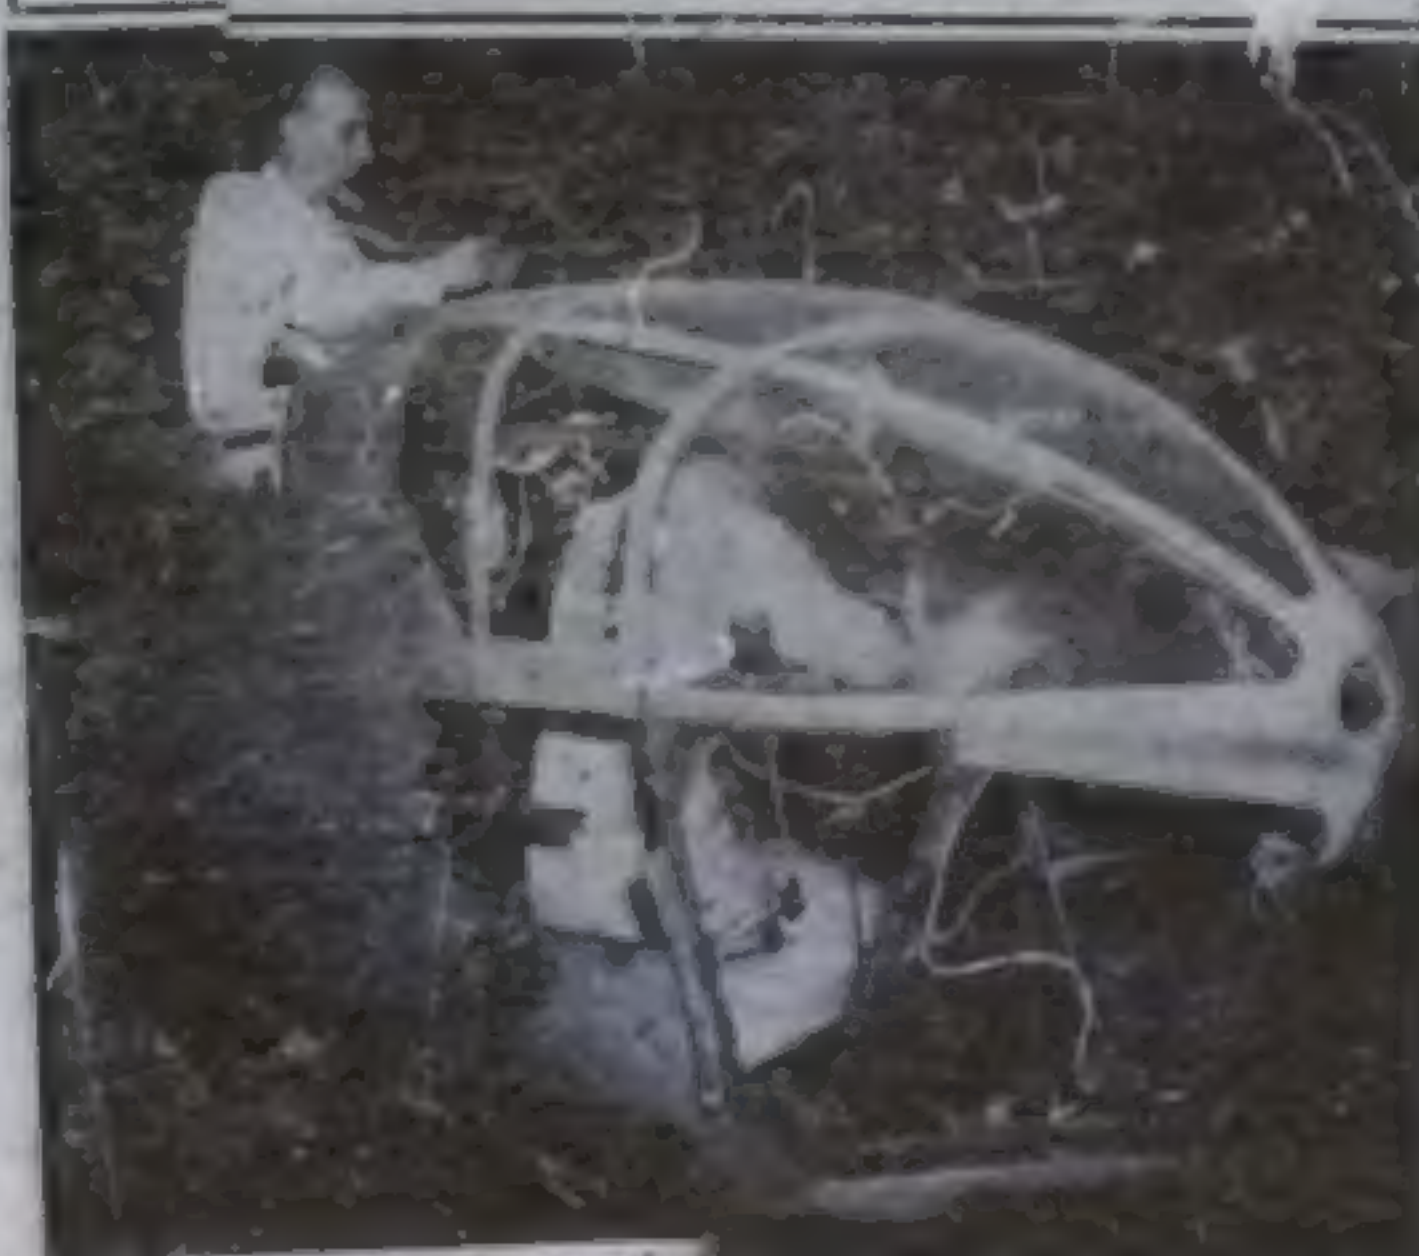

- 1 Have your entire heating system inspected. Order necessary repairs.
- 2 Have your furnace thoroughly cleaned by a competent man. Insulate furnace and pipes where necessary.
- 3 Be sure that you have sufficient storm windows and that all windows and doors fit tightly. Have cracks in walls repaired. Weatherstrip wherever it is necessary. Consider seriously the insulation of ceiling and walls.

Many homes waste as much as 60% of their fuel through inefficient heating equipment, inadequate insulation and other heat losses. Winter is just around the corner. Prepare NOW!

THE DEPARTMENT OF MUNITIONS AND SUPPLY
HON. C. D. HOWE, Minister

Part of T.C.A.'s War Effort

As a swift messenger, carrying Canada from St. John's, Newfoundland, to Victoria, B. C., from Toronto to New York and Winnipeg, and between Lethbridge, Calgary and Edmonton, Trans-Canada Air Lines plays a vital part in Canada's war effort. It makes other contributions as well. Working 24 hours a day, its Winnipeg base does a great deal of maintenance and overhaul work for the R. C. A. F. and the Commonwealth Air Training Plan.

TAG DAY FOR BLIND ON SATURDAY

Sightless People
Help War Effort

What They Were Taught in
Peace Time is Standing Na-
tion in Good Stead Now—
Your Support is Needed.

In dozens of war plants across
Canada, blind men and women are
taking their part along with sight-
ed workers in the manning of drill-
ing and milling machines, gaug-
ing shells, assembling fuses, a,
smoothing aeroplane parts—doing
a day's work; getting a day's pay;
widening the path towards victory.

It is because The Canadian Na-
tional Institute for the Blind pro-
ved in time of peace that capable
blind men and women were com-
petent factory workers, that so
many of them are now being em-
ployed in war work.

Everything that the Institute
does and every service which the
blind receive, depends on the fi-
nancial support obtained from the
public. The tremendously impor-
tant and humanitarian work of
The Canadian National Institute
for the Blind can be developed if
men and women blessed with
sight, express their gratitude for
their good fortune by making a
small contribution. The oppor-
tunity to do this comes on Satur-
day of this week when a tag day,
under the auspices of The Cana-
dian Institute for the Blind is be-
ing held in Grimsby, with Mrs. W.
H. Groce and Mrs. V. Catten as
conveners.

New Hydro Plant To Open Oct. 15

DeCew Falls Will Produce 65-
000 H.P. to Start With —
Can be Developed to 200-
000 H.P.

Official opening of the 25 cycle
DeCew Falls plant of the Ontario
Hydro Electric Power Commission
will take place Oct. 15, was the in-
formation handed out by H.E.P.C.
officials at Toronto last week. A
ceremony will be held at that time,
details of which are now being
worked out by Osborne Mitchell, H.E.
P.C. secretary, and which will be
attended by prominent Hydro and
provincial authorities.

The commission spokesman said
that the DeCew Falls 65,000 horse-
power unit first started in Septem-
ber, 1941, and completed within
three months of the original com-
pletion date of July, 1943, would

Must Buy Flour To Get Millfeed

Deputy-Reeve Wiley of Louth
Charges That Farmers Are
Being Held Up by Retailers
—Claims Practice Illegal.

Millfeed retailers in this district
and across the province are selling
millfeed to farmers only if farmers
will buy a certain amount of flour
which is of no use to them, charged
Deputy-Reeve George F. Wiley,
Louth Township. At the meeting of
Lincoln County council last week,
Council passed a resolution con-
demning the practice as illegal,
and urging the government to take
immediate steps to stop it.

Mr. Wiley mentioned a St. Catharines
retailer who had gone to
Port Colborne for a load of mil-
lfeed, and was told that he would
get it only if he took a fifth of his
load in flour which he didn't want.
He brought his truck back empty.
He cited a similar case in Beam-
sville, where the farmer refused to
buy flour and drove his truck home
without any millfeed.

Their resolution was: "Whereas
the mills throughout Ontario are
compelling dealers to purchase 100
pounds of flour with every 400
pounds of millfeed, and whereas
the dealers in turn are compelling
farmers to purchase a similar
quantity of flour with their pur-
chases of millfeed, and whereas
this flour is of very little use to
the milk producer or the poultry-
man, and it is considered that this
practice is illegal, be it resolved
that the council of the County of

very optimistic mood when interviewed by The Independent this week,
and questioned on the progress of the campaign he said:

"The long days of planning have now resolved themselves into
the concrete action of gathering in
the necessary funds to provide our-
selves with a hospital of our own.
The "maybes" and "ifs" are being
replaced with we will and we are,
as the most silent campaign of the
district is forging ahead."

"Small sums and large sums
have now piled up to a point where
\$11,000.00 is in sight, which in its
self is a tidy sum. The balance to
be raised is yet another hurdle,
but considering the many difficul-
ties already surmounted it can be
done."

"The Banks have arranged to
accept donations, a receipt for
which is mailed by the Hospital."

"The Boy Scouts are putting on
an apple day and will purchase an
organization membership."

"The employees of Metal Craft
(Continued on page 2)

New Record For Grape Shipments

Niagara Packers Shipped 60
Carloads of Grapes in Six
Days — Believed New High
For One Shipper.

Niagara Packers last week set a
new all time record for their own
company and it is believed that it
is a new high for the whole dis-
trict.

During the six days from Mon-
day morning until Saturday night
the company loaded and shipped
from Beamsville, Winona and
Grimsby 60 carloads of grapes.
This is a record for them.

James Aitchison who is just
completing his 33rd year in the
fruit business says that it is a
record for the district. The high-
est one week shipment of grapes
that he has ever heard tell of did
not exceed 40 carloads by any one
fruit dealer.

Fined For Theft

Found guilty Monday on a
charge of stealing articles from a
Charlesworth's store, Grimsby, on
Saturday, Frank Knapman, 43, To-
ronto, was fined \$11 or, in default
of payment, five days in county
jail.

Simon Taylor, no address, facing a
similar charge, was found not
guilty. The pair were taken off an
east-bound bus at Beamsville by
Chief Constable William Turner
and Constable Alfred LeFarge on
Saturday night. The articles, all
recovered by the officers, included
wallets, two shirts, shaving and
toilet soap.

Taking Course

L.A.C. WILLIAM HARROD

Youngest son of Clyde and Mrs.
Harrod, Paton street. Is just now
completing a Navigator's Course
in the R.C.A.F. at Belleville.

Post Office Staff Renders Service

Untangle Many Problems
Such as Finding a Lady
Who Changed Her Name 41
Years Ago.

We have always maintained, all
arguments to the contrary, that
Grimsby had a very efficient post
office staff and the service given
to the public compared favorably
with any other office in the Dom-
inion. Here is an example of that
service.

Forty-one years ago Miss Kate
Falconbridge was married. Now
who is Kate Falconbridge, you
might ask. She is Mrs. W. H.
Groce. It's dimes to a dozen that
there is no one on the present P.O.
staff that ever knew the lady who
she was Kate Falconbridge.

Last week a letter arrived at the
local office addressed to Miss Kate
Falconbridge. It came on the
morning mail. In the afternoon
Mrs. Groce received the letter.

That is real service and proves
that if Major Bromley and his co-
workers do not know who you are
or where you live they make it
their business to find out and de-
liver your epistles.

NORTH AFRICA COUNTRY OPEN, ROLLING

Plenty of Mountains And All
Bare — There is Excellent
Grazing Land For Sheep
And Goats And The Arabs

Are Built of Mud, Straw
And Water.

The following interesting letter
from Corp. Bruce Swayze, third
son of Andrew and Mrs. Swayze,

last week by The Independent:

North Africa,
9/12 of 43, plus.

Hello again, Bones!
Your great "booster" letter from
the home town arrived some time
ago, and it was just like reading
one of your sport columns in by-
gone days. Well! I am still feel-
ing "just fine" and I hope these
ink blots find you the same.

My war news is old; because
yours comes over the radio from
the NBC or BBC so I will devote
the rest of my time telling you
about North Africa as I see it.

There are no open plains; it is all
rolling country with plenty of
mountains. The mountains are as
bare as the back of your hands,
you see there is always a breeze
blowing, first one direction then
the opposite direction and the roots
never have a chance to dig in. This
makes excellent grazing land for
sheep and goats and the Arabs all
have large flocks.

The Arab homes are made out of
(Continued on page 7)

Hydro Commission Will Prosecute

Parents of Boys Who Break
Bulbs in Street Lights Will
be Summoned to Court —
Two Pay For Damage.

Young boys must cease using
the electric bulbs in the street
lights as targets for their stone
throwing feats, or else there is go-
ing to be plenty of trouble in store
for themselves and their parents.

That is the ultimatum issued by
the Grimsby-Hydro Commission.

At their meeting on Tuesday
afternoon two young lads appeared
and after questioning, admitted
they had broken bulbs with stones.

They paid for the damaged bulbs
and labor costs in replacing them.

Commission definitely state that
this practice must stop and in the
future the parents of the boys con-
cerned will be summoned into court.

Crop Reports For Western Ontario

Apples Show an Increase of
16 Per Cent Over 1942 —
Still Estimated That Grape
Crop is Only 22 Per Cent.
Light.

The Ontario Fruit and Vegetable
Statistics Committee publishes the
September Report giving the con-
dition of the commercial fruit and
vegetable crops in the Province of
Ontario.

Western Ontario—Apples—The
commercial apple production esti-
mate is now placed at 18% in-
crease over 1942 yield, a better-
ment of 9% since the August re-
port; the chief increases being in
Spy, McIntosh, Wealthy, Stark,
and Other Varieties, and, accord-
ing to districts, in Georgian Bay,
Burlington and Peel-York.

Weather and moisture conditions
generally have been good for de-

Grimsby Ready For

5TH VICTORY LOAN

Objective \$375,000

Strong Committee Has Been Formed With Charles A. "Dad"
Farrell as Chairman—If This Loan is Crowned With
Success There Will Have to be Subscribed \$105 For
Every Man, Woman And Child in Canada—You Pre-
pare to do Your Bit.

One of the strongest committees that has yet handled a Victory
Loan Campaign in Grimsby and North Grimsby, has been formed by
County Organizer Cecil Horton, and they are already making their
plans to put the local campaign well over the top of their objective
which is \$375,000.

Overseas

SGT. ROBERT HARROD
Oldest son of Clyde and Mrs.
Harrod, Paton street, now Over-
seas with R.C.A.F., graduated and
received his wings at Malton this
summer.

Niagara Grapes Are Not White

Believe it or Not But Experts
Claim They are Green in
Colour—A Local Colloquial-
ism.

The Independent got a surprise
last week.

For years untold the people of
this district have always talked
about grapes as red, white and
blue. As a matter of fact there
is no such a grape as a white
grape.

According to James Aitchison
and Ken Baxter of Niagara Pack-
ers, the Niagara grapes, which
everyone calls a white grape is
really a green grape. You under-
stand, we are talking about colour.

They also state that outside of
this Niagara Peninsula it is never
referred to as a white grape but
always called a green grape. In
the States it is definitely set down
by nurserymen, growers and
wholesalers as a green grape.

Just another of our local col-
loquialisms.

The committee is as follows:
Hon. Chairman — Mayor E. S.
Johnson.

Chairman — Charles A. "Dad"
Farrell.

Vice-Chairman — P. V. Smith.

Committee — A. W. Eickmeier,
Fred Jewson, Wm. A. Hewson,
Harold B. Matchett, Harold C.
Woolvorton, Hugh A. Campbell,
Wm. C. Palmer, Archie M. Aiton,
James Aitchison.

Headquarters of the local com-
mittee will be in the office of
Chas. J. DeLaplanche and a tele-
phone will be installed in a few
days.

Today, in every corner of this
Dominion, men and women are
toiling to make the Fifth Victory
Loan a success. Unless it is a suc-
cess, the labor and blood that Cana-
da is expending in the name of
freedom will fall somewhere short
of the achievement that can be
realized. For in modern war,
money savings must be made to
match our sacrifices, investment
must back our industry, bonds are
nearly as important as bombers.

If the loan is to be crowned with
success, there will have to be sub-
scribed \$105 for every man, wo-
man and child in Canada. An im-
portant part of this will be con-
tributed by savings institutions and
other corporations, but even with
this assistance, individual Cana-
dians will be asked to subscribe
an average of \$46 apiece to meet
the loan's objective.

"Bill" Wheeler Is World Traveller

Has Been All Over The Map
Since May — Now in India
—Spent Weekend in Grims-
by, Next One in Glasgow.

L.A.C. William Wheeler, R.C.
A.F., son of Asst.-Postmaster and
Mrs. Wheeler, has arrived safely in
India, according to a cable received
by his parents.

"Bill" has travelled many thou-
sands of miles since leaving home
on May 28th. He was then leaving
for Texas where he completed his
course, going to Mexico for week-
ends and other places of interest.

On their way down they stopped
at Chicago, St. Louis, Houston,
where they were able to go out
and look the place over, their des-
tination being Corpus Christi.

FACTS & FANCIES

Frank Fairborn, Jr.

SPEAKING TO THE HOME FOLKS

Many people used to have the old formal and constrained idea that they should not speak to their townspeople unless they were introduced. Some men would keep meeting neighbours day after day, and never speak to them. It was an idea that created hard feelings, and many people were considered proud, cold and haughty.

To-day people are less formal, and it is a good idea for any man to speak in his home town to every man whose face he recognizes, and to many whom he does not recognize. Stiff and formal manners do not make a good home town.

THEY WERE FOOLED

There is an interesting little story in the current issue of The Readers' Digest and a most amusing one in the light of present day developments.

The management of the Hotel Bristol, in Berlin was asked for a reservation of a room overlooking Unter den Linden, the great full dress parade street in Berlin. The management replied that it was difficult, with 4,000 patrons, to always be able to give such accommodation, and at the present juncture (this was July, 1940) the demands for such rooms, overlooking the main thoroughfare, were terrific. However, one room would be reserved but with this provision: When "our victorious troops come marching home" you will have to allow four or five other people within your room to watch the march past.

In other words, in July, 1940, it was all over except the shouting. Wonder if there is such a demand now for Hotel Bristol front street rooms.

HOW THE STATE TAKES OVER

The stampede to control the "left" continues. It has become a fierce competition in promises of confiscation.

At Calgary the other day Mr. Coldwell's CCF party demanded the taking over by the State of all the insurance companies, the trust companies, the coal and gold mines, and the timber industry.

In Montreal, a few days later the Canadian Congress of Labour (close to the CIO) demanded the taking over of the banks, the railways and the private radio stations as well.

Apart from the merits of the case, how is this taking over to be done? Both the CCF and the CCL are significantly vague on this practical problem.

The truth is that there are only two ways in which huge blocks of free enterprise can be obliterated.

Assuming that the aggregate value of banks, financial houses, coal and gold mines and timber lands is five thousand million dollars how would a CCF or CCL Government get the money?

It could not be got from taxes. The maximum war effort this year yields not more than \$2,500,000,000, in taxes. Even if this could be raised in peace-time, an absurdity, there would be no provision for the taking over of the huge blocks of free enterprise.

The two ways of finding the money are, (1) by printing the money and thereby inducing inflation, the disappearance of values, general collapse and penury.

(2) by confiscation.

The latter method, the one really intended, will be angrily denied until the Socialists are in a position to apply it.

A GOOSEBONE WEATHER PROPHECY

About this time of year, it is customary to give a few moments to rural sages who discuss the likelihood of a long, hard winter. Their prognostications are based on various portents, and have only a passing entertainment value. By spring, people have forgotten all about them, writes John Gould in Christian Science Monitor.

The more astute peer into the secret recesses of nature and derive their wisdom from the bushiness of squirrels' tails, or the difficulty of cracking a butternut. Some disdain such exhaustive study, and simply walk up the back stairs; if their knees creak we will have a lot of snow and a cold snap in late February. Sometimes we can multiply the number of rainy days in August by the day of the full moon and find out how many snowstorms we shall have. Or, like the Old Farmer's Almanac, we can average past years and expect this to be a humdinger.

Any of these methods is, of course, satisfactory, but for all practical purposes I feel my own method is foolproof. I simply prophesy heartily that we are in for the worst winter in history, and prepare for it adequately. By saying this loudly within my own household every fall I cover all contingencies, and if the snow piles up over the windmill, we express no surprise. If it doesn't, we don't mind a bit.

Whereas people in general continue to think some winters are worse than others, it has always seemed to me that any winter at all is sufficiently adequate, and if the temperature errs, it errs on the downward side. Consequently, I am convinced the coming winter will be the worst in at least 78 years, with extreme cold spells between October and May, a great deal of snow that will drift somewhat, and severe north winds at velocities seldom dropping below a screech.

If folks who like to look ahead will pay attention and act on this prophecy, they will lay up plenty of fuel, a great deal of food, considerable warm clothing, extra blankets, and a large quantity of reading matter handy in the kitchen range. These people will come through the winter splendidly and will feel I gave them a good steer.

This, of course, is merely my regular prophecy. It was the same last year and will be the same next year. I can make it much more convincing by showing how I arrived at it. I can enumerate the signs and portents that have come to my discerning eye:

The bees have continued to hatch brood until late season—a sure sign the old bees don't expect to pull through.

Gypsy moths have laid their eggs very high—positive indication the snow will be about eleven feet deep.

The corn silk is long and full, and the husks are thick and tight—decisive portent comparable to a man's growing a beard so he can button it inside his vest and keep the wind out.

Blackberry canes lean southerly—definite evidence they expect prevailing north winds.

Pumpkins and squash vines are unusually long—clear indication they wanted to get as far away from the coming winter as possible.

The mangel-wurzels are mostly underground—when a large part of them grows up in the air we can expect a balmy winter.

And so on—exhaustive studies only serve to corroborate my customary prophecy: As usual, we will have a long, hard winter.

COMING IN ON A BEAM

Ration-hobbled motorists who are concerned lest they lose their skill behind the wheel before the war is over have nothing to worry about.

Tomorrow's driver, it is predicted, will simply ride in on the beam. Electronic waves will guide his car to its destination. Nor need his journey be lonely; there will be another electronic device at his finger tip to put him in communication with other cars.

All of which may be fine, but the future, from where we sit, appears slightly less than ominous. Not that we have anything against electronic waves, but we certainly hope that they know their way around. Suppose, for instance, an electronic beam came suddenly upon its arch enemy, the sunspot, and struck off across country without warning. Of course, we may be unduly apprehensive. It's entirely possible that the car of to-morrow may be quite equal to this or any occasion, having descended, as it were, from a long line of jeeps.

But on the other hand, consider the embarrassment which might occur should the motorist by any change get in on the wrong beam and find himself being irresistibly drawn toward the South with skis firmly strapped to the car top and parka buttoned up to his chin.

As for the car-to-car communication system, we can picture this early blight of many a beautiful friendship if one driver's opinion of another seeps out into the air waves. But maybe we're just looking on the dark side. After all, they laughed at Ben Franklin, and his waves turned out all right.

'WAY BACK WHEN

Frank Fairborn, Jr.

MEMORIES: The whirr of the mowing machine wafted through the knarled old apple orchard on a drowsy summer afternoon. The aroma from the vegetable garden after a sudden shower... The smell of the red sealing wax for the jars at canning time... Going barefoot through the jimson weed patch... Old Tige's comforting bark in the middle of a dark and stormy night... Wheat straw under the rag carpet... The mince-meat bucket where the brown sugar was kept... The flock of geese waddling down the dewy lane in the early morn... Chopping pumpkins with the corn knife for the cows on frosty mornings... Blackbirds with red splashes following the plough, looking for worms... The jangle of iron trace chains... The innocence of a wabbly-legged baby calf... Brock Snyder doing trick bicycling on Main Street... Games like marbles, top spinning, hoop rolling, jacks and mumbly peg... The coffee mill nailed to the kitchen wall. The big catfish that always got away... The cluck of fat hens at feeding time... Sassafras tea... The old smoke house door with leather hinges, that never had a lock... The old willow chair that crept to the porch edge as grandma rocked... Kicking up dust on the country roads with bare feet and the fine dust stifling between the toes... Those were the days of real fun.

In olden days it was a serious offence in church circles to tell a falsehood, as witness the item from the records of the Beamsville Baptist Church of 1838 in which it is stated that on September 8th, that year, Sister Riapa Richards had fellowship withdrawn from her because it had been proved that she had told a falsehood and she would not confess it to the church. Others also had fellowship withdrawn for similar and other offences, including neglect of duty and immoral conduct and in some cases it is recorded that the party had been "faithfully admonished." It is also recorded that one member had difficulty in securing re-admission to fellowship because she had committed the unheard of crime of

worshipping with the Methodists. Apparently church discipline was much more strict in those days than now.

Back "in the days of real sport" Grimsby had a distillery, in fact a couple of them, and either one of them made so much money that the proprietor was able to quit or the moonshiners got so much on the market that he was forced to sell, anyway he tried to sell, as the following advertisement from The Hamilton Spectator of October 16, 1887, shows:

For sale or to let, The Grimsby Distillery, with Malt Floors and all other necessary buildings attached, in full working order, and capable of running 300 gallons per day. Terms liberal. Apply to the proprietor, D. C. MacMillan, at Grimsby, or to Messrs. J. S. Garrett & Co., Hamilton.

THE COUNTRY STORE

The country store at the cross-roads, down on Walnut Creek, Where you'd leave word for the doctor if some of the folks go sick.

The old mill and water wheel, not very far away; The old dam where we used to fish and spend a happy day.

When the bank was robbed at the county seat, they caught the robbers here, For a long time the countryside was awed and filled with fear.

The store always had an air, peculiarly its own, Oil, onions, dry salt pork, ketchup and yeast foam, Sassafras bark and dill pickles, syrup and kerosene, Rubber boots and sial rope, corn meal and Paris green.

There Ma bought sulphur, and molasses, 'twas the proper thing, To give it to the children, and we got it every spring.

Here we could buy Sloan's Liniment and Saint Jacob's Oil.

Flax seed for the plaster to put on Johnny's holl; Rock candy and stick licorice, absolutely pure, Hillaide Navy Tobacco and Kendall's Spavin Cure. The men would buy Hosteller's Bitters—they were not hard to take;

Castoria for the babies when they had the stomach ache.

The farmer's wife would bring in eggs, white as the driven snow,

Get a plug of Star for her old man, and a few yards of calico,

Oftimes she'd meet some neighbours from across the section line,

Then they'd gossip all afternoon, until it got milkin' time.

They'd learn that Mrs. Watkins had the fever and ague,

That John Sparks had cut his foot on a cultivator new,

How young Bud Armstrong, the boy who worked for old man Holt,

Received a serious injury while breaking a yearlin' colt.

We always like to be there when a drummer would drive in.

To hear him tell about the city, its wonders and its sin.

Talk about your department stores, with all their fancy stock.

The country store at the cross-roads had them beat a block.

CONTINUATIONS

FROM PAGE ONE

GRIMSBY READY

Large though they appear, such sums can be provided by the people of Canada. A large total than is now being asked was volunteered last May in the Fourth Victory Loan, and although nearly 2.7 million subscriptions were entered, it is clear that about half of Canada's working population did not participate.

In a few weeks will come another opportunity for the home front to prove itself worthy of the fighting fronts. It is an opportunity for every individual Canadian to ensure the liberty which free men demand.

The new bonds will mature as follows:

An issue bearing interest at three per cent, of \$100 at a price of 100 per cent, and maturing at 100 January 1, 1945, and a shorter term issue bearing interest at 1 1/2 per cent, at a price of 100 per cent, and maturing at 100 May 1, 1947. Both types of bonds will be dated November 1, 1943.

The bonds will be similar to those of previous loans except that the first interest coupon on the three per cent bonds will be for a period of eight months, with coupons becoming due every six months thereafter. The reason for this is that the large volume of coupons due in May and November to millions of holders is creating a heavy task which, to some degree, will be lightened by the change of interest dates to January and July.

Holders of Dominion of Canada bonds due and payable at par October 15, 1943, and holders of four per cent bonds due October 15, 1945, which have been called for payment at par on October 15, 1943, will be able to convert their holdings of those bonds into Fifth Victory Loan issues.

Bonds of these two issues will be taken in payment for Fifth Victory Loan bonds at a price of 100%.

"BILL" WHEELER

After six weeks he returned to Dorval, Que., and two weeks later was posted for duty at Nassau, B.W.I., spending the weekend at Miami, Florida.

On his return from Nassau he stopped in New York, so was able to give that a look over. He came back to Dorval, Que., to prepare for overseas, came home for the weekend on Aug. 30 and the next weekend he spent Glasgow, Scotland, where they had landed en route for India.

If that isn't getting over a lot of territory, for a youngster, in a short space of time, what is?

MUST BUY FLOUR

Lincoln requests the Hon. Minister of Agriculture to take immediate action to have this procedure stopped. Council approved a grant of \$1,000 to the West Lincoln Memorial Hospital at Grimsby Beach, and named Reeve Roy A. Saunders, Beamsville, as their representative on its Board of Governors.

The report on the condition of roads and bridges on the county system were accepted. Condition of the system is satisfactory, except for some minor repairs which were recommended. The special road committee was authorized to deal with the matter of assuming the Cairnboro-Pelham townline road as a county road. The matter will have to be discussed with representatives of Welland County Council.

FUNDS CAMPAIGN

Co. will work extra time, the amount so earned will be paid to the Hospital.

A group of ladies last week put on a Bridge Party and others are planned to raise funds.

"Out of town business houses have shown their appreciation of Grimsby business with their support."

"The I.O.D.E. have made a splendid donation of \$100.00."

"And many others are making plans to be represented in something that will belong to the people."

"The banks are transmitting funds without charge, so that every dollar is net."

"In connection with the campaign there have been no expenses, all advertising, etc. having been donated or paid for privately."

"Over and above the immediate needs, preparations are already underway for creating endowments."

That is the hospital situation up to date. Thanks, Mr. Gibe.

Silver Currency

Much In Demand

The thrifty housewife is probably responsible for increased activity at the mint these days. Her delight in the cent bargains causes unprecedented demands for nickels, dimes, quarters and half dollars, bank officials say.

Other factors are government taxes on gum, chocolate bars and drinks and general increased spending power. "The average worker breaks a bill to buy a paper," one spokesman said. "The calls for lots of silver."

Officials in Ottawa emphasized that while the volume of small change in circulation was far above pre-war levels, there was no danger of inflation. Nickels and dimes, even in quantity, just aren't enough to affect national currency.

"Back in the 30's a coin that was shiny and partly worn was taken immediately from circulation," it was stated. "Nowadays a coin has to be worn almost beyond recognition—multifaceted—to force a change."

THE WOMAN NEXT DOOR

Looks At Us, At Our Town, And Occasionally
At The World.

— By MOLLIS —

My House Of Life

Give me wide walls to build my house of life—
The North shall be of Love against the winds of fate;
The South of Tolerance, that I may out-reach hate;
The East of Faith, that rises clear and new each day;
The West of Hope, that e'en dies a glorious way;
The threshold beneath my feet shall be Humility;
The roof—the very sky itself—Infinity.
Give me wide walls to build my House of Life.

— from The Missionary Chronicle.

Autumn's Fairest Offering—The Juicy Grape

With the bulk of the blue grapes cut and marketed we can take what are left for our own use. A good many people have given up making drip jellies as they are wasteful both of sugar and food value, now that every grain of sugar has to be counted. We have come across what looks like—in print—a very good recipe for Grape Juice:

GRAPE JUICE—WITHOUT SUGAR—After picking grapes, leave for two or three days to mellow. Pick over and wash. Add one-quarter cup of water to each cup of fruit. Simmer until tender—DO NOT BOIL. Press through cheesecloth. Clarify by straining again through another cloth. Reheat juice to simmering point only, stirring constantly. Pour into sterilized bottles. Cap and immerse in hot water bath, kept at simmering point, for 15 minutes.

In The Good Old Days

Instead of the modern bazaar and the apron sale, our ancestors used to raise funds for the church by brewing ale and selling it in the church on saints' days and holidays. Naturally the custom led to abuses. As far back as the 11th and 12th centuries we read in ancient records of church ales. The great copper kettle used in making the ale was stored, between times, in a little room over the lych gate, where the sacristan lived.

Up until a hundred years ago fairs and markets were held in the church yard of many parishes throughout England, but finally were ousted by enlightened public opinion. Attempts to prohibit them were made by an Act of 1285, but as a goodly profit from them went into the church coffers, it was several centuries before they were done away with.

Readers of that prime favourite, John Halifax, Gentleman, will remember that churches were once used as polling booths, and many a political candidate has made speeches on a Sunday morning after service from the top of a table tomb in the churchyard.

The Good Neighbour Service

Here is a church that has organized itself to do a very useful work in its own town. So that other churches may take advantage of the splendid possibilities of service it suggests, here is the story:

In the newspapers of Welland, Ont., there appeared recently the following advertisement:

HAVE YOU HEARD ABOUT
THE GOOD NEIGHBOUR SERVICE?
IT IS A WARTIME NECESSITY.
THE PLAN IS SIMPLE THIS: IF YOU
ARE ILL OR IN TROUBLE,
PHONE 5478.

THE WELLAND—CROWLAND BRANCH OF THE HEALTH
LEAGUE OF CANADA WILL ARRANGE TO HAVE SOMEONE
HELP YOU WITH YOUR HOUSEHOLD PROBLEMS, IF YOU CAN-
NOT GET OTHER HELP OR ADVICE.
THERE IS NO CHARGE.

How did this come about? An enthusiastic member of the Auxiliary, who had a vision of a congregational study of The Church in the City Streets, succeeded in organizing a group of twenty-five persons which met twice each week for two months. It included representatives of Session, Official Board, Young People's Union, Woman's Association, Auxiliary and Evening Auxiliary, as well as other interested members of the congregation. The originator of the study group writes:

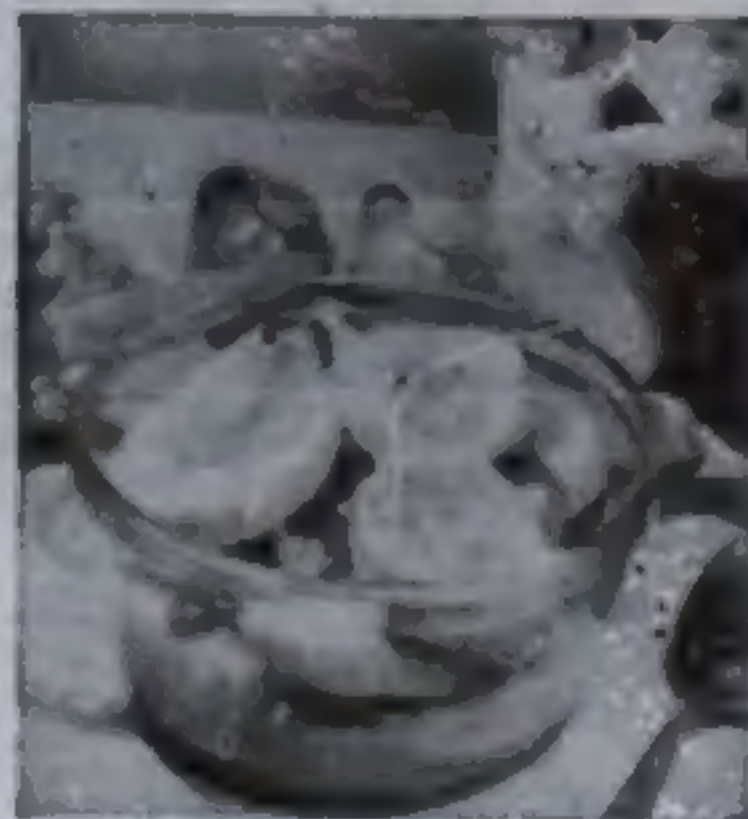

"At the first meeting the speaker was the Medical Health Officer, who knows the community from a residence and practice of thirty-five years. He gave us an intimate insight into the health problems of our community, pointing out that one of the most pressing needs was nursing care for the thousands of war workers living in boarding and rooming houses. These young folk are often ill with minor ailments that do not require and cannot have hospital care, so they are simply alone and uncared for, often even without meals until they can go out for them.

"The day following this meeting a 'good neighbour service' was set up by our congregation (Welland United Church). One of our members volunteered to do the telephoning and to receive calls. The former nurses and the women with practical nursing experience offered to go to the aid of such young people as required help. The idea spread to other churches and now our local Health League acts as the central agency. Calls have been distributed throughout the rooming houses, advising strangers of this free service.

Squash-Pepper Casserole

Planning an oven meal? Then try squash or marrow, baked in a casserole with slivers of green peppers—a new way to serve an old favourite.

Peel and cut marrow or squash into half-inch slices. Cut green pepper into thin rings. Arrange in

layers in a greased casserole, sprinkling each layer with salt, pepper and a little onion salt. Top with bread crumbs, dot with butter or other fat, cover and bake in a moderate oven, 350 degree F., about 35 minutes. Remove cover and continue baking about 10 minutes longer or until crumbs are brown and vegetables tender.

She Likes 'Em Tough

Northern Nurse is the story of a girl with a consecrated sense of high adventure. She deliberately set out to find the hard job. When she had it tamed, she left it in good hands and went off to look for a still wilder and harder one. Eventually she married, and it is her husband, Elliott Merrick, who tells the story.

Kay Austen, an Australian nurse, born with a desire "to do the faraway job, the one that went begging," began her career in the never-never land of her own country, where she gained much valuable and unusual experience. But the sea called, and she sailed away to Paris where a particularly "soft job" quickly pulled and made her more than ready to accept a position as Mission nurse in the northern districts of Labrador, amongst the settlements of trappers and fishermen.

A few months after her arrival the veteran doctor, because of sudden illness, had to return to the U.S.A., and Kay Austen became physician, surgeon, anesthetist, dietician and nurse and the only medical authority in hundreds of miles. There was never a moment of leisure in the little hospital where surgical, medical and sometimes even contagious cases all had to be taken care of in a crowded ward, yet often the nurse doctor would travel many miles by snowmobile and dog-team to lonely settlements where almost anything might await her. After one such trip she says, "It is, of course, wonderful fun to set off on a heroic winter trip, but when you can do a bit of honest work besides, your cup runneth over."

We recommend this book to all readers, men and women; it would make an excellent addition to any library, and young people should make a point of getting it for themselves. If our work should prove worthy of high praise, how grand a thing to be able to say with Miss Austen, "It wasn't pride that I felt, it was a fierce gratitude that my hands, my acts, my training had just now picked me up and made me part of the wonder of the world."

—Adapted from The Living Message.

Precautions Save Disaster

When sudden changes in temperature come, there is always the danger that chills will occur, and it is therefore advisable to guard against allowing colds to develop. The following precautions are advisable. Consult an authority, who says that if followed they will often save the weakening effects of a severe illness or they may prevent a disastrous one:

1. Extra rest in bed, following a warm bath, preferably with the addition of mustard to stimulate circulation and induce body heat.
2. A throat gargle.
3. Light diet consisting of fluids, such as soups, fruit juices, egg-nogs.
4. Mustard poultices on the chest if the cold seems to be settling in the bronchial tubes. In this case call your doctor immediately. One should increase resistance

to colds by keeping in good physical condition. See your doctor if run down, and at the first sign of a chill, take a hot mustard bath before going to bed. The cold will be gone by morning unless the chill is a severe one, in which case a doctor's advice is priceless.

REGISTRATION REQUIRED FOR HONEY PRODUCERS

Honey producers whose total production is less than 2,000 pounds a year are required to register as producers with their local ration board according to the re-

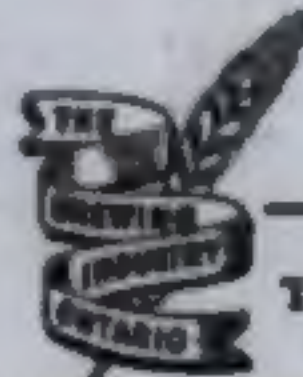

cent regulations on preserves rationing. Producers of over 2,000 pounds a year are required to operate coupon banking accounts. Any regional office of the Wartime Prices and Trade Board can give further instructions on the procedure involved in either case.

"Here's the New, Easy Way to Healthful Family Meals"

WOMEN everywhere acclaim "Eat-to-Work-to-Win", authoritative new booklet that takes all the guesswork out of good nutrition. It's practical...time-saving...easy to use! And there's a copy for you FREE, simply by mailing the coupon below.

Authorities realize the importance of nutrition for health, as an aid to Victory. Yet recent Government surveys show that the diet of 60 percent of Canadians is deficient. Perhaps your family lack proper foods to build health, stamina, high morale—to help keep them fit, on the job!

So learn the easy way to "good-to-eat" meals that provide every food need of the body. Send for your copy of "Eat-to-Work-to-Win" today!

Sponsored by
THE BREWING INDUSTRY (ONTARIO)
in the interest of nutrition and health
as an aid to Victory.

Meals for 21 breakfasts... 21 luncheons... 21 dinners. Balanced... delicious... timely.

NEW SCHEDULE PRESERVES RATIONING

EFFECTIVE SEPTEMBER 30, 1943

Preserves rationing gives the consumer a number of choices both of products and sizes of containers. Because of the wide range of container sizes and the variation in buying habits across the country it was necessary to put the system into operation and then make adjustments on the basis of experience.

Now that preserves rationing has been in effect for several weeks, it is possible to make some increases in coupon values. The new schedule is announced below and is effective September 30th.

The new doubled ration allowances for marmalades, extracted and comb honey will enable consumers in areas where consumption of these products is heavy, to buy more and still leave enough for districts where the total demand is light.

The increased ration allowances for corn, cane and blended table syrups and maple syrup are adjusted to bring coupon values more closely into line with the great variety of container sizes now in use.

ONE "D" COUPON IS GOOD FOR

Not More Than

Jams, Jellies, Marmalades, Maple Butter, Apple Butter or Honey Butter	8 FLUID OZ.
or	
Comb Honey (in Squares)	One Standard Section
or	
Cut Comb Honey	1 LB. NET
or	
Extracted Honey or Maple Syrup	12 FLUID OZ. (1 LB. NET)
or	
Maple Sugar	1/2 LB. NET
or	
Molasses	20 FLUID OZ. (1 PINT)
or	
Corn Syrup, Cane Syrup, or any Blended Table Syrup	14 FLUID OZ.
or	
Canned Fruit	10 FLUID OZ.
or	
Sugar	1/2 LB. NET

Coupons D-4 and D-5

NOW BECOME VALID SEPTEMBER 30th

The validity date of these coupons has been moved forward from the original October 14th to September 30th.

This has been done to accommodate purchasers of some items which at this season of the year are normally bought in large units.

Coupons D-6 and D-7 will become valid on November 11th and the original schedule will be continued from then on, with two coupons becoming valid every four weeks.

Misses Shirley Force and Velma Williams of Burford visited with Jas. I. and Mrs. Thal, over the weekend.

Mr. Clifford Dryden, who was injured in a dynamite explosion recently, is still a patient in Hamilton General Hospital.

Sew-We-Knit Red Cross Group is to meet on Friday afternoon, October 1st, at the home of Miss Kathleen Freeman, 7 Adelaide St.

Mrs. Marquis Markey spent the past week in Belleville, and while there attended the wedding of L/Cpl. Frank C. Markey, C.O.C.T.C., to Miss Mabel MacDonell.

Master Clifford Fairbanks who underwent an operation for appendicitis in Hamilton Hospital last week is making fine progress and will soon be running around again.

Pte. Stella Hackney, Baltimore, Maryland, U.S.A., now of the C.W.A.C., Toronto, and Pte. Audrey Robertson, C.W.A.C., Toronto, spent the weekend with the latter's parents, Mr. and Mrs. Wm. Robertson, Robinson St. N.

Mr. and Mrs. William Hewson, Grimsby, entertained Saturday evening at the Autotel, in honour of their daughter, Virginia, whose birthday was observed, and also her joining the R.C.A.F. (W.D.), within a short time.

One hundred friends and neighbours attended a miscellaneous shower at the home of Mr. and Mrs. Robert Beamer, North Grimsby, on Monday night in honour of Rifleman and Mrs. Lloyd Fair (formerly Ella Beamer).

Vernon Tuck, Optometrist, will be absent from his office on Wednesday and Thursday, October 6th and 7th, to attend the annual Fall Seminary of the Graduate Foundation Clinic being held this year at the Royal Connaught Hotel, Hamilton.

Mrs. Edward Walker and three sons, Sergt. William, R.C.A.F., and Douglas and David, of Norval, spent the weekend with relatives in town. "Bill" has just graduated as a gunner and is being posted to an eastern coast camp for further instruction.

Trooper Jack Allan Hildreth, Despatch Rider in the 1st Canadian Army Tank Brigade, writes from Sicily that he enjoys receiving "The Independent", which he reads "from cover to cover". Trooper Hildreth is a son of Mr. and Mrs. G. A. Hildreth, Main E.

In attendance at the marriage of Gerald Liddle to Miss Eileen Jeffries on Saturday, were Mr. and Mrs. Francis Liddle and two sons of Toronto; Mr. and Mrs. Hugh Liddle and two children, of Windsor; John Liddle, Windsor; Mrs. E. C. McKee, of Peterboro; Dr. and Mrs. Harold Clarke, and two sons, of Brigs; Mr. and Mrs. G. A. Goddard, of Kirkland Lake; Mrs. Albert Ferguson, Windsor; and Mr. and Mrs. F. F. Macklem, of Toronto.

I.O. D.E.

Lincoln Loyalist Chapter, I.O.D.E., held their first meeting of the fall season in the chapter room on Monday afternoon. Mrs. L. A. Bromley, regent, presided.

The financial report presented by the treasurer, Mrs. Brock Snyder, showed substantial balances in the general and war services funds. The War Services Committee reported receiving donations during the summer from Trinity Women's Association and the Mothers' Club. In September a tag day was held, realizing \$152.00, proceeds to go toward buying articles for Christmas parcels for local men overseas.

The Hospitality Committee reported sixty-four airmen entertained in various homes during July and August.

Two boxes of clothing have been sent for British bomb victims, and also a box for Polish Relief. Cigarettes have been forwarded to local prisoners of war; sixteen recruit boxes have been delivered; 3 navy, 5 army, and 6 airforce. Packages have also been sent to the chapter's adopted ship, Interceptor.

A new company of girl guides has been formed, with Miss Marion Scott as captain.

The Educational Committee, Mrs. Fred Jewson, convener, reported the High School Commencement will take place in November, when the Committee has the honour to present the I.O.D.E. medal and program prizes, also prizes of Savings Stamps to Public and High School students for Bible and verse memorization.

It was voted that the I.O.D.E. give \$150 to the West Lincoln Memorial Hospital.

The monthly literary meeting will be held on Monday evening, October 4th, at 8 o'clock, when Professor V. W. Jackson will give an illustrated talk on New Zealand in the chapter room. The public is invited.

Fruit Shipped For Patients

Last Friday Lincoln Loyalist Chapter, I.O.D.E. shipped a consignment of fruit to the soldier patients in Christie street hospital, Toronto.

56 baskets and one hamper of plums, grapes and apples were shipped through the kindness of the Mitchell Transport, Hamilton. The fruit was donated by H. C. Woodworth, Niagara Packers and individual growers, to whom the ladies are very thankful.

Girl Guides

NEW APPOINTMENT

The Division Commissioner and the L.O.D.E. Girl Guide Committee have appointed Miss Marion Scott to be captain of the new company now being formed.

This Company will relieve the original 6th L.O.D.E. Guide Company of its very heavy enrolment, and permit the girls there to continue with more advanced work under the leadership of Miss M. Cullingford, who has captained the company successfully for several years.

Miss Scott has had useful experience as Lieutenant of the 50th Company, and comes as no stranger to her new command. We congratulate her on her well-deserved promotion.

TO AND THE BLIND

The initiative and energy of a number of Grimsby girls has resulted in the sum of \$16.35 being handed to the Canadian Institute for the Blind.

Planned and carried out by themselves they held a carnival on Saturday last at the home of Marion Honey. Novel booths and side shows attracted a large number of adults and children, who appreciated the efforts of the girls. Those taking part were: Marion Honey and Gloria Jarvis (fortune telling), Ann Wade and Helen Prevost (fish pond), Patricia Harrison (ring game), Catherine Morrison and Marjorie Haworth (bingo), Mary Dunne (itching pennies), Janice Cornwall and Joyce Tremaine (movie stage), Diane and Jacqueline Sawyer (magicisms), and Jack Jarvis (refreshments).

Card of Thanks

I wish sincerely to thank friends for their kind expressions of sympathy and for the beautiful floral offerings in my recent bereavement in losing my dear wife, Helen Nash.

Clifford Nash.

Mrs. E. H. Burgess, and son, Garth, and Dorothy, wish to extend their deep gratitude to the many friends and neighbours who have been so kind in helpful sympathy. To Dr. J. H. MacMillan and Rev. W. J. Watt special thanks are due.

Grimsby Red Cross

Members of Grimsby Red Cross Committee, met in regular session on Tuesday afternoon. They acknowledge with grateful thanks donations from the following:—Mr. Benvenuti, Niagara Falls, \$20.00; Mrs. McLeod, New York, \$25.00; Grimsby and District Salvage Committee, \$120.00.

An urgent request has been received from Headquarters for seamen's leather jackets. The committee have been fortunate enough to secure the sheepskin cuttings from which to make the jackets, and have also received the good news that the pieces will have only to be basted together, not stitched, which eliminates a painful job. The basted packets are to be forwarded to Kingston penitentiary where the stitching will be done on power machines.

September shipments of Red Cross goods by the ladies of the Grimsby and District Red Cross:

Civilian—2 large quilts, 4 small quilts, 1 afghan, 15 pr. children's mitts, 5 pr. knickers, 4 ladies' sweaters, 14 nightgowns, 12 knitted suits—size 12 pr. boys' socks, 1 pr. large mitts, 12 blouses—40 and 42, 12 children's sweaters, 2 small scarves, 18 shirts—size 14, 3 shirts—size 12, 1 baby suit, 2 baby coats, 2 pr. booties, 1 baby band, children's slippers.

Army—8 sleeveless sweaters; 8 T.N. sweaters, 11 pr. gloves, ribbed helmets, 1 pr. socks.

Navy—5 T.N. sweaters, 8 pr. socks, 12 aero caps, 3 pr. mitts, 3 pr. 26" stockings, 11 pr. 16" stockings.

Prisoner of War—10 T.N. sweaters, 24 scarves, 27 pr. gloves, 22 ribbed helmets, 4 aero caps, 29 pr. socks.

Increase Ration of Honey, Syrup

Molasses and honey rations will be doubled and coupon values for corn, maple, cane and blended syrups increased effective today, the Prices Board has announced.

Under this revised ration, coupons D-4 and D-5, which were scheduled to become valid Oct. 16, now become valid Sept. 3.

One "D" coupon will be valid for 14 ounces of corn, cane or blended table syrup instead of the previous 12 ounces. The coupon value for maple syrup is being increased from 10 ounces to 12 ounces.

The board said in its announcement that because preservatives rationing gives consumers a number of choices of both product and container sizes it was necessary to put the system into operation and that make adjustments on the basis of experience.

Obituary

MISS M. L. ROGERS

Following a lingering illness Miss Mary Louise Rogers passed away on Thursday in her 74th year.

She was born in Grantham township, Lincoln county, on March 8, 1870, a daughter of the late John and Sophia Rogers. She had lived in the district all her life and had resided at Grimsby for the last 15 years. She was a member of the Anglican Church.

Surviving are two sisters, Mrs. Peter Jones, of Brantford, and Mrs. H. R. Stull, of Merriton.

Marriage

LIDDLE-JEFFRIES

Standards of pink and white dahlias and asters decked St. Andrew's Anglican church Saturday afternoon, when Rev. J. A. Ballard united in marriage Eileen Constance Jeffries, "Cherrylawns," daughter of Mr. and Mrs. H. C. Jeffries, and Andrew Gerald Liddle, son of Mrs. Liddle and the late Thomas Liddle.

Hugh Liddle, brother of the groom, was soloist.

The bride, given in marriage by her father, wore a gown of ivory moire, with long bodice, full skirt and short train. The fingertip veil was of tulle and she carried an arm bouquet of red roses and bouvardia. Miss Lorraine Lundy, Toronto, was maid of honor and the bride's sisters, Kay and Alison, were bridesmaids, all frocked alike in short two-piece dresses of chartrreuse moire, with small matching hats and carrying sprays of gladioli.

Francis Liddle, Toronto, brother of the groom, was best man, and the ushers, Robson Clarke, Brighton, and Terry Jeffries, Grimsby.

At the home of the bride's parents, Mrs. Jeffries received in a short two-piece dress of beige with corsage of sunset roses. The mother of the groom, assisting, chose pale blue with a pink rose corsage. Later the newlyweds left for Northern and Eastern Ontario, the bride going away in a brown tweed suit with dark brown accessories and corsage of green orchids. They will reside in Grimsby.

RYERSON-EICKMEIER

The marriage of Dorothy Eleanor Eickmeier, daughter of Mr. and Mrs. A. W. Eickmeier, Grimsby Beach, and Gilbert Adams Ryerson, son of Mr. and Mrs. E. L. Ryerson, of Boston, Mass., took place on Saturday, September 25th, at 4 o'clock.

Rev. Taylor Munro officiated at the double-ring ceremony, which was held at the home of the bride's parents on Park Road.

The house was suitably decorated for the occasion, the mantelpiece being banked with palms, ferns and baskets of gladioli, delphiniums and chrysanthemums. Mrs. Alexander Scott, Grimsby, provided the wedding music, preceding the ceremony, and during the signing of the register.

The bride given in marriage by her father, was charming in a floor length gown of ice blue chiffon, cut on gracious lines, and having crystal beading at neck and wrists. The shoulder length veil of blue net, was held in place by a bridal wreath of delicate blue flowers. She carried a bouquet of Tallman and Johanna Hill roses and Bouvardia. Mrs. Harold Dawe, sister of the bride, acted as matron-of-honour, and was accom-

ingly dressed in floor length gown of dusty rose sheer crepe with matching head-dress. She carried a bouquet of Briarcliffe roses, Delphinium and Gladioli. The groom was attended by Mr. Orval Eickmeier, brother of the bride.

Following the ceremony a reception was held for the guests, at Taylor's Auto-tel, the bride's mother receiving in a pansy crepe dress, and wearing corsage bouquet of Tallman roses. The groom's mother was becomingly gowned in black crepe, with corsage bouquet of Premier roses.

The happy couple left for a wedding trip to New York City, the bride travelling in a tan and green ensemble with tan accessories, and pin-stripe top-coat.

Mr. and Mrs. Ryerson will reside in Boston.

HOMER-LAWSON

A pretty wedding took place Sunday afternoon, September 27, at the home of the bride's aunt, Mrs. Arthur Woodcock, Grimsby, when Miss Marion Lawson, elder daughter of Mr. and Mrs. Leonard J. Lawson, of St. Catharines, and Pte. Robert Homer, of Sydney, N.S., youngest son of Mr. and Mrs. George Homer, St. Catharines, were united in marriage. Rev. W. J. Watt, Grimsby, conducted the double-ring ceremony, and Miss Betty Fisher, Grimsby, cousin of the bride, played the wedding music.

The bride, given in marriage by her father, wore a white silk crepe gown, torso style, a fingertip-veil, and carried a bouquet of white chrysanthemums. She also wore pearls, the groom's gift. Her aunt, Mrs. Hugh Merritt, Grimsby, a bride of two weeks, was matron of honour, wearing her wedding gown of white brocade satin and carrying pink gladioli. The bridesmaids, Miss Joyce Shelton and Miss Ruth Shelton, Grimsby, cousins of the bride, wore white silk jersey dresses and carried pink gladioli. The junior bridesmaids, Miss Shirley Lawlor, sister of the bride, and Miss Beverly Woodcock, cousin of the bride, and the little flower girl, Miss Beryl Woodcock, wore dresses of white net over white silk jersey and carried white chrysanthemums. The groom was assisted by his brother, Mr. Frank Homer, St. Catharines.

At the reception, following the ceremony, Mrs. Lawson, mother of the bride, received in a two-piece crepe dress and wore a corsage bouquet of white carnations. Mrs. Homer, mother of the groom, also received, wearing a dress of blue lace and crepe and corsage bouquet of red roses. The wedding supper was served at Mrs. Woodcock's to 50 guests from Grimsby, St. Catharines, Niagara Falls and Dundas. The reception rooms and bride's table were decorated in pink and white. For the wedding trip to London, the bride wore a two-piece dress of black crepe with black accessories and silver fox fur.

Since the service began early in 1940, more than one million pounds of jam and honey have been sent overseas by the Canadian Red Cross.

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Caledonia Fair tomorrow.

Lions Club, next Tuesday night.

Tag Day for the Blind, Saturday.

Smithville Fair next Wednesday and Thursday.

Board of Education meets next Wednesday night.

Apple cutting prices have been set by the W.P.T.B.

St. Catharines Arena will open for skating October 11th.

Don't forget, November 1st is the deadline for mailing overseas parcels.

All High School pupils return to classes on Monday.

Prisoners of War parcels must be mailed before Oct. 1st to ensure delivery by Christmas.

Niagara-on-the-Lake was first created a police village in 1845, and in 1850 was incorporated as a town.

Fire Department had a call to the Park road, Friday morning, when fire destroyed the automobile of Geo. Udell.

John Clark of Dunnville celebrated his 25th anniversary as Municipal Clerk of the Southern Metropolis last week.

A great improvement has been made at Alf. LePage's Cities Service station by the laying of concrete driveways around the gas pumps. The large parking yard has been levelled off and given a coating of small crushed stone and stone dust.

Landed Banking and Loan Co. have sold the brick house and two acres, Main street east, known as the Major W. W. Kidd property to Charles Boyd, Hamilton, a former Grimsby resident. Jas. I. Theal put the deal through. We would welcome Mr. and Mrs. Boyd and family back to town to live.

Time table changed on the C.N. on Sunday. Only two changes in time were made in trains in and out of Grimsby. The Westbound evening train now goes at 6.00 instead of 5.04. The afternoon eastbound now is 3.28 instead of 3.30. The rest of the train times remain the same.

Oscar C. Hitchcock, R.R. 1, St. Anne, appeared before Magistrate J. H. Campbell on Friday charged with leaving the scene of an accident. The charge was laid by Traffic Officer A. E. Reilly after a collision on No. 8 highway a mile east of Grimsby last Saturday night. A fine of \$35.00 and costs was imposed by His Worship.

Interment of the remains of Wm. Irvine, who died in Buffalo, N.Y., on Sunday took place in Queen's Lawn Cemetery, on Wednesday. Deceased was the husband of Edith Millgate, a niece of Henry Oakley of Grimsby and a former Grimsby girl, her parents being Henry and Mrs. Millgate, residents in Grimsby for years in the home now occupied by Mrs. Thomas Walker.

Adam Dawdy Zimmerman, one of Clinton's oldest residents, passed away at his home on the Spring Creek road, next to the farm where he was born nearly 97 years ago on Saturday morning. Deceased was in fair health, didn't come suddenly on Thursday evening. His wife Lydia, predeceased him in January, 1940. The late Mr. Zimmerman was the son of George Zimmerman and Rebecca Lane. To mourn his passing are two children, Mrs. Blake Johnson and Melvin Zimmerman, four grandchildren and three great grandchildren.

Found guilty by Magistrate McKay in Hamilton Police court, of failing to keep the Dom. Registrar advised of a change of address, Karol Matys, R.R. No. 1, Grimsby, charged with a breach of the National Selective Service Act. Matys was fined \$25 and \$8.75 costs and in default of payment will spend one month in jail. R.C.M.P. officers, who testified, asked the court an order to send young Matys to Military District No. 2, Toronto.

"BLENDOR TABLETS", Harmless and effective. \$1.00, two weeks supply. At Dymond's Drug Store. 40-50

New Government Order Raises Restrictions

We are pleased to announce that by order of the Wartime Prices and Trade Board, made public on Monday of this week.

SPORTOLOGY

By Bruce Livingston, Sportologist

NO MATTER HOW FINE YOU GRIND IT IT'S STILL HAMBURGER

Didn't Our Little Mary Irvine knock the Peach Queens' league all atwitter and atwitter last Thursday night when she rolled a high score of 312. Her three games were 290, 202, 312 for a total of 744. That's going to make some of the girls do a little prancing to beat. She topped Corrine Robertson off the St. John and Shaw trophy pedestal, for high score, by eight points. . . . Smithville Bowling League got under way at the Bowliway on Thursday night. There are some smart bowlers among the south country hay-kickers. Good enough to give the razzle dazzle to a lot of the boys below the escarpment. . . . Cammy Millyard's Cigarette Fund is not being forgotten by the bowlers. There are a lot of nicks, dimes and quarters dropped in that glass jar in the course of a week, which only goes to prove the remark of ex-Mayor Jimmy Walker, of New York, when he stated "show me a sportsman and I'll show you a patriot". . . . Niagara Packers employees have pulled the unexpected again. But just a gesture that you would naturally expect from that crew. This is their busy season. The team is unable to play their regular scheduled games in the league. Therefore they default their game to their opponent each scheduled night until such time as they can enter competition. They have no more no matter how you figure it of winning a championship. "The, sowl for the sports' sake. But here is the nicest part of the whole thing. When they default, that throws the alley open for a three-game period, so they send their cheque for \$2.85 to little George-Forge every game. He being able to fill the alley for that period of time, did not want to take the money and didn't, so the Nipapaks turn around and say "all right, take the money anyway and drop it in the Cigarette Fund jar." That is what is taking place here. Real sportsmanship, eh, what. . . . I can absolutely and definitely tell you right now that there will be no hockey or skating in Grimsby this winter unless it is on the creek or the ponds. The Arena positively will not be operated. Just another black mark against Hitler. . . . It is just 22 years ago now that the first ground work was being laid to conduct a campaign to build the Arena. . . .

NORTH AFRICA

mud, straw and water pressed the shape of a brick. The roofs are straw with a mud finish no windows and only one door. Sanitary conditions are unheard of and they should take a tip from the Army.

The women folks dress more like kypies and very seldom show their faces. The men wear a combination hood and robe and no other clothes are necessary. The children generally wear an old shirt, and this acts as a "cover all". Just about everybody wears sandals and some are made out of old automobile tires.

The main highways are asphalt but are too narrow for traffic go-

ing both ways and somebody has to use the shoulder and are they dusty. Every kind of work you can think of, is done by hand and time doesn't mean a thing. Laborers get ten cents an hour, and I guess all they eat is breadfruit and veno (wine).

The Arabs won't eat pork, but we give them Spam and they don't turn it down. I notice one thing they do, which strikes me awful funny. Before the figs are ripe, they harvest a few string them together and hang them back on the trees. This assures them a bigger crop next season.

Now for the harvest. The fields are all cut by hand and then tied in small bundles. They are then carried to a place of level ground and laid out about one foot deep, then a team of mules are hitched to a toboggan and the driver stands on the top for weight. After driving over the wheat, the harvesters throw the heavy part into the air and the wind blows it away, what is left on the ground is the wheat, which is none too clean.

We have soldiers in our battalion from all the 48 States and Canada. One French Canadian is an interpreter in one of the large cities over here. We all do a lot of beefing but when the chips are down, they are a tough bunch of hombres. One battalion is a Protestant and a regular fellow, but all of the flight bases have Catholic Priests (and no collection).

I have visited the historic ruins, but all there is left now is the pillars and water ways. Say Bunch, these people sure went to an awful lot of trouble to get water, and some of the springs produce (steaming) hot Sulphur water. By far the most beautiful buildings built by the people who visit these Holy places are Catholics. Everybody makes a wish when visiting a Cathedral for the first time, and it is supposed to be answered. I won't tell you what mine was, just put yourself in my place, 4,000 miles from home.

There are no wire fences, over here they plant cactus and it is impossible to get through it. When they have wandering cattle, they tie their front legs together, this keeps them very close to home. Well, Pal! time's a wasting, and I want to get this letter in the morning mail. So until the next time. I remain,

Peace—Bwayse.

IF YOU ARE THINKING —OF—

BUILDING A NEW HOME

Consult C. J. DeLaplante. National Housing Act Loans can be arranged. Easy monthly payments, in many cases less than rent. Many plans to choose from or if you wish plans can be drawn to suit your requirements.

If you desire information on a new home as regards financing, materials, designs, contractors, etc.—

NEW HYDRO PLANT

likely be in actual production prior to Oct. 15.

At the present time there is no intention to proceed with a second 65,000 h.p. unit, provision for which has been made in the constructional design of the first unit. Ultimately, if required, the DeCew plant could be developed to an output of 200,000 h.p., approximately the size of the big Queenston plant.

There will be sufficient water to operate the first unit 24 hours daily at 65,000 h.p. capacity if required, and this power will augment the output of Queenston and Niagara Falls plants for distribution in southern Ontario.

CROP REPORTS

development, although in a few areas have been conducive to only fair showing of fruit, with colour, however, satisfactory. There has been no hail or frost damage, and the only loss from wind confined to the Norwich district. Scab is serious in several areas. In others it is quite irregular and lighter than last year. Codling Moth damage to date has been fairly well controlled and is not abnormal up to the present. Apple Maggot is more serious than usual in several districts and particularly in orchards where late sprays were not applied.

Grapes — No change in being made in the previously reported estimate for Western Ontario of the grape crop being 22% lighter than last year. The quality has been good to date with no serious frost or other damage reported. Earlier varieties are harvested and one Niagara now being cut, with Concord showing satisfactorily.

Peaches — Preliminary estimate of the total peach crop remains at 75% decrease from the 1942 yield. While picking of fruit has been good the damage from Curculio, Peach Moth, and Brown Rot has made heavy culling necessary, particularly in Elberta and late varieties now being harvested in Niagara district. The quality of the crop has been very irregular and below average.

Pears — The total district near estimate is unchanged from the report which showed a 31% decrease from 1942. However, with present good sizing of Kieffer's an improvement may be noted in later reports. In the main producing area of Niagara the fruit is clean and fairly free from insect damage. In Georgian Bay and Burlington districts, however, the sizing of pears has been below average.

Plums — Conditions generally have been good for both quality and sizing. Curculio damage has

has been much less apparent in the late than in the earlier varieties. The estimated production of plums and prunes remains as last reported—a total decrease of 43% from 1942. Prunes, of good size and quality, are now being harvested, the yield being much better than last year.

Throughout Canada, Canadian Red Cross Society Branches have set up prisoners-of-war committees. One of the duties of these committees is to establish friendly relations with next-of-kin of prisoners, and to assist them in any way possible.

Did You Know You Were A Minister?

Johann Diderick Manser "Ordained" Minister Says so — Tells Magistrate Campbell He Was Ordained by Isalah.

(St. Catharines Standard)

Johann Diderick Manser, aged 22, who is employed on a Bismark farm, was arraigned Tuesday before Magistrate J. H. Campbell on a charge of failing to report for employment to the Petawawa Experimental Forest Station at Chalk River as directed by National Selective Service. He was remanded in custody for a week at the request of Crown Attorney E. H. Lancaster, K. C.

"Are you a conscientious objector?" the magistrate asked. Manser, tall, blond and well dressed replied: "I am an ordained minister of the gospel." "What church?" asked the magistrate. "No church, except the church of God. The Bible speaks of only one church of God and it only," witness answered.

"Who is the supreme head of the church in this country?" the magistrate continued, to which Manser answered: "We acknowledge no man as leader. God is the supreme head of the church."

This led the magistrate to ask who had ordained Manser, and the youth said: "According to Isalah 61: 1-2 every Christian is ordained."

"Then we are all ministers," suggested the magistrate, and Manser agreed.

WARTIME PROSECUTIONS REACH ALL-TIME HIGH

Evidence of a general tightening up in enforcement of wartime orders and regulations is the announcement that 187 persons were found guilty of offences last week. It was the largest number of completed prosecutions on record. Eight other persons were acquitted. A Quebec City meat dealer was fined \$300 for selling pork wholesale at excessive prices. Twenty-two persons were found guilty of violating the Board's rationing regulations while 47 dealers were fined for price violations. Nine landlords or landlords' agents were convicted of violating rental regulations.

More than half a million articles of clothing were distributed by the Canadian Red Cross to men in East Coast ports and in Newfoundland last year. These articles were given out upon requisition of officers commanding ships, and to survivors landed in these ports.

Steal New Tires Abandon Car

Put Old Worn-Out Tires on Wheels — Car Was Stolen From Toronto And Stripped of Accessories.

Something new in the line of tire thefts came to light in the district over the week-end when it was discovered that thieves had taken five good tires from a stolen car and replaced them with five practically worn out ones before abandoning the car on a sideroad east of Beamsville.

The abandoned car, minus license plate, was found by Provincial Constable A. E. Reilly a few days ago. Through the serial number of the motor it was found that the car had been stolen from a Toronto parking lot on September 12.

Sunday, the owner, John Treia, of Toronto, came to get his car. After examining it he informed Constable Reilly that all five tires had been changed and heater, radio and windshield wiper stolen.

The thieves had apparently driven the car for a week or more before abandoning it. Rather than risk driving with the tires the thieves had put on the machine, the owner engaged a garage man to tow it back to Toronto.

Boy Scouts

The first fall meeting of the Grimsby troop was held on Monday night, Sept. 20th in the High School "gym" where the boys fully enjoyed their new quarters. At this meeting thirty scouts were re-registered and they will receive their membership cards from scout headquarters in Toronto early in October.

On Monday, Sept. 27th the scouts again gathered for their regular meeting. Grimsby troop is proud. Yes, very proud because they have a scout in their troop who can play the trumpet. At this meeting Brian Tenney, one of our coming scouts, played the fall-in call on his trumpet. Then after assembly he again played the Colours call at which time the flag was raised to the "gym" ceiling, and all scouts came to the full salute.

Another treat for the scouts was the visit of scoutmaster Cyril Mote of London, Ont., who has come to Grimsby to teach in our Grimsby school. Scoutmaster Mote during the evening was very busy assisting in instruction of signals and showing the boys a new game.

Another mysterious happening was when Asst. Scoutmaster Don Pettit handed written instructions to each patrol leader who in turn marched their patrols to their corners and anxiously opened their letters. It is a dark secret and each patrol will not tell anybody outside their own patrol where they are going Sunday. See the

Grimsby Independent next week and full details will be given where each patrol finally landed.

Patrol leaders and officers will meet on Thursday evening, Sept. 30th at Troop Leader Doug Bedford's home on Nelles side road for their monthly court of honour. Leaders, do not miss this meeting.

Yes, Cubs Are Now Being Organized

It has been very pleasing to the officers of the scout troop to have Scoutmaster Cyril Mote of the public school staff accept the responsibility of organizing and training the new cub pack for Grimsby. To assist him in this work two other Grimsby citizens have offered their services, Mrs. E. W. Phelps and Mr. George Curtis.

Training of pack leaders will commence immediately and it is the hope of those in charge that this training can be rushed to completion by the end of December. At this time the leaders will accept registration of cubs and we hope the parents will plan that their

boys between the ages of 8 and 11 will join as cubs in January. Further particulars will be given in this paper before the opening date.

P. V. Smith, Chairman of Lions' Club Men and Girls' Committee, has applied the following as Boy Scout Group Committee: A. V. Catton, M. B. Zimmerman, W. G. Greig.

Weed Seeds In Western Grain

Care should be taken by farmers purchasing Western grain to see that weed seeds are first screened out before grinding especially small black seeds. A 14 mesh screen will take these out. Wild buckwheat and wild oats make good feed and their germination can be destroyed by grinding but in many cases small red and black seeds will go through a grinder and certainly through an animal without the germination being affected and are a serious menace to

These days, when tea must yield the utmost in flavour, quality is of supreme importance. Ask for...

"SALADA" TEA

the Ontario farmer says E. F. Neff, Agricultural Representative, for Lincoln County, Ontario Department of Agriculture.

The reason for this warning is because the dockage tolerance of weed seeds in grain coming from the west has been increased to 3%. In order to speed up the movement by allowing more cars to by-pass Port William thus increasing the

volume which is needed in the Eastern Provinces.

This warning cannot be taken too seriously as the writer knows how serious the weed menace is in the West and it will mean serious loss to farmers of Lincoln County if necessary steps are not taken to clean out and destroy the millions of small noxious weed seeds coming in, in feed grain.

LET'S BE DOING ... while we're planning

Everybody is thinking a great deal about the future these days... planning... getting ready for the period to follow the war. All realize that the war may bring surprises—but the tide is turning in our favour.

Chemists and engineers, producing things needed for war, are making discoveries which will mean comforts and conveniences for all of us when peace comes. New methods of making things, new processes, new materials, now being filed away in blue prints and formulae, will bring us many new and useful articles. Many things not available now will be replaced by better models and designs.

You may have plans for a new home, remodelling your present home, new home furnishings. If you are a farmer you will need new and improved equipment and machinery.

Now, while you are thinking and planning, you can do something to insure that your plans can be carried out. Victory Bonds—which can be bought on convenient instalments, with money as you get it—provide a means of keeping your savings intact, earmarked for things you want.

Most Canadians are saving money. Most of us are buying Victory Bonds and when we buy Victory Bonds we are helping to win the war. We are helping to speed the day of victory and we are doing something that will benefit ourselves.

WHAT IS A VICTORY BOND?

A VICTORY BOND is the promise of the Dominion of Canada to repay in cash the face value of the Bond on the date of maturity with half yearly interest until that time. A Victory Bond is the safest investment in Canada backed by the entire resources of the Dominion. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest when due. A Victory Bond is an asset readily marketable at any time.

VICTORY BONDS

National War Finance Committee

They'd sure help us fellows if they'd shop earlier...

Wartime conditions demand that shoppers and other non-essential travellers be on their way home not later than the 4 p.m. bus... otherwise they may be left until 7 p.m. when the war-worker rush is over. And please do not travel on Friday, Saturday or week-ends when members of the armed forces are travelling on leave.

Please co-operate to ease wartime congestion.
